New copies of the book *What to Expect When You're Expecting*

WalMart Gift Cards

Amazon Gift Cards

*Note: Amazon and Walmart Gift Cards are especially needed at this time as the ND Department of Health program that provided car seats to mothers in need has been discontinued.*

#### Mission of Connect Medical Clinic

Our goal is to build relationships with individuals in need of our services and become trusted partners in their sexual health decisions going forward.

The individuals we serve can feel alone, afraid, and uncertain. You can make a difference! Help us provide unconditional support to those facing sexually transmitted diseases or unplanned pregnancies.

The mission of Connect Medical Clinic is born out of a desire to walk with those facing unplanned pregnancy. Instead of feeling alone, afraid, and disconnected from support, patients at Connect discover they are strong, empowered, and surrounded by a community of support. Our expanded sexual health services allow us to foster relationships with sexually active youth, positioning ourselves as their trusted healthcare partners in the face of possible exposure to an STI/STD or an unplanned pregnancy.
